For Immediate Release:

Crafco Leases Northumberland, Pennsylvania Facility from SemGroup Energy Partners:

Chandler, Arizona – May 18, 2009 – Crafco, Inc., an Ergon Company, announced today the addition of the Northumberland, Pennsylvania facility to its existing network of specialty asphalt processing facilities. This lease arrangement is part of the Ergon Asphalt & Emulsions, Inc. announcement of the lease of 20 facilities from SemGroup Energy Partners.

“This expansion by Crafco will give us additional production capacity for our industry leading line of joint and crack sealing materials, as well as new capacity in specialty asphalt and asphalt emulsion products.” stated Don Brooks, Senior Vice-President of Crafco, Inc. Additionally Brooks stated, “The people we have brought on to the Crafco Team at Northumberland are great additions to our group. We look forward to our future development of our business at this location.”

The locations involved in the total lease are:
